Electronic & Automation Systems

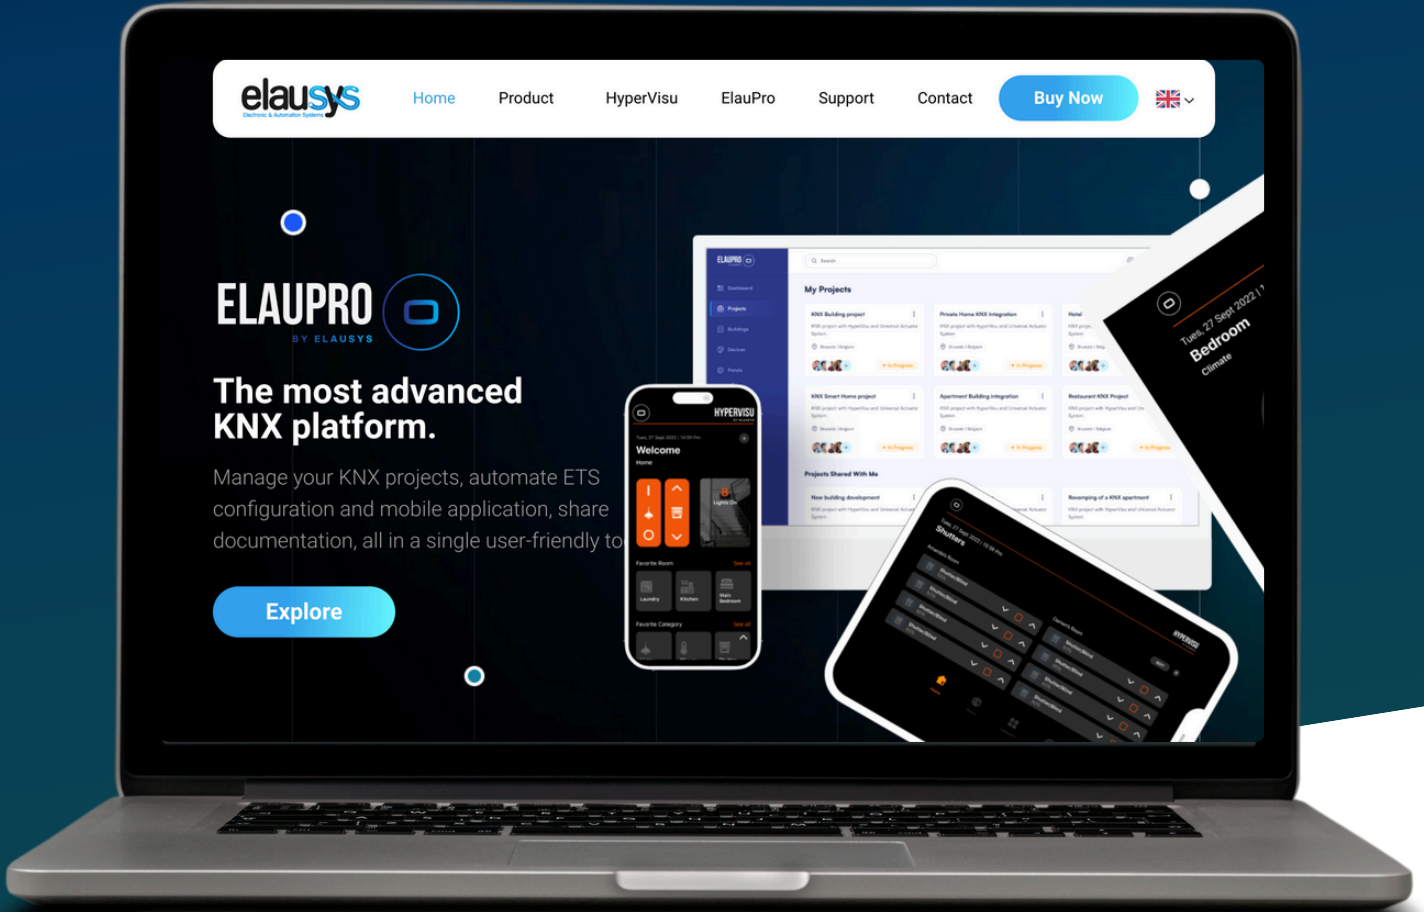

Connecting Your World One Building at a Time

Transforming Buildings into Smart,
Connected Spaces with Innovative Solutions

www.elausys.com

Elausys Overview & Products

Whether you're optimizing energy use, enhancing security, or building a smart home, Elausys offers seamless solutions that provide complete control and peace of mind.

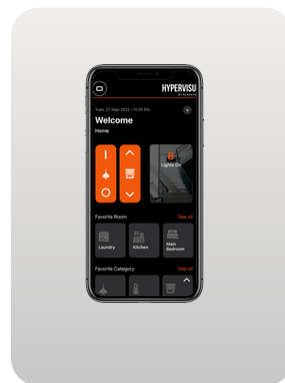

KNX Gateways

Energy & Security Gateways

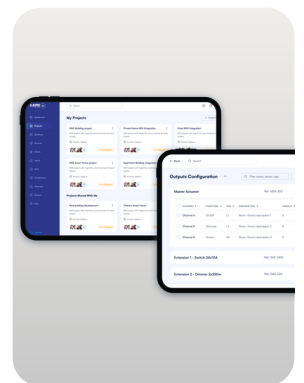

KNX Actuators

Modular Control, Unlimited Possibilities

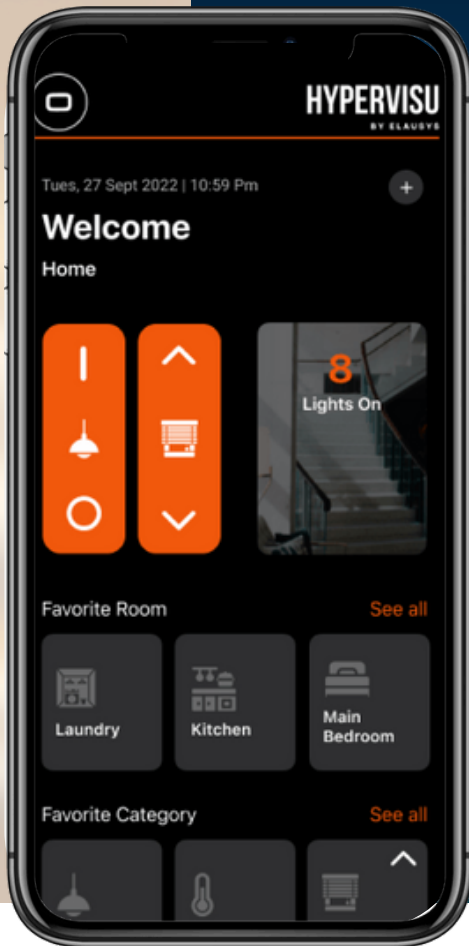

HyperVisu

Control Your Smart Home with Ease

ElauPro

Online KNX Project Configurator

HyperVisu

Control Your Smart Home with Ease

HyperVisu provides easy control of your KNX smart home on Android and iOS with organized navigation and quick setup.

- **Easy Navigation**
Control devices by rooms and categories.
- **Advanced Integration**
Full support for Node-RED, Grafana, and IoT devices.
- **Simple Setup**
Auto-configured through ElauPro for a smooth start.

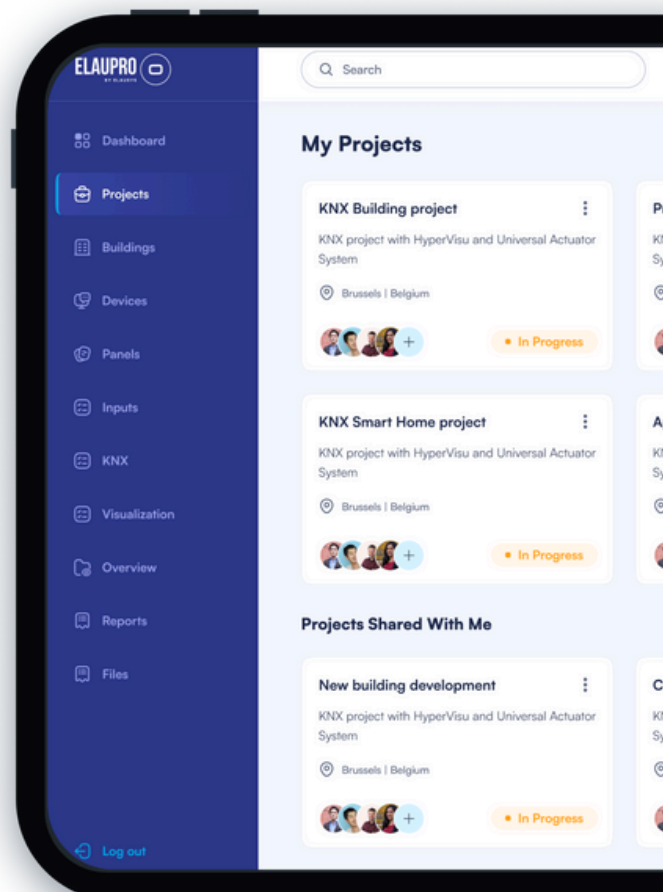

ElauPro

Boost Your Productivity

A powerful tool for KNX integrators to simplify and optimize building automation, from configuration to documentation.

- **Centralized Management**
Organize and control your entire project in one place.
- **Automated Documentation**
Streamline your documentation with ease.
- **Real-time Updates**
Stay up to date with project progress and changes.

Universal KNX Actuator System

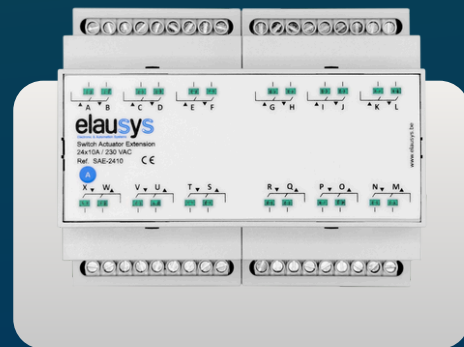

Modular Control, Unlimited Possibilities

Flexible, modular control for lighting, HVAC, and more,
with advanced logic for complex automation.

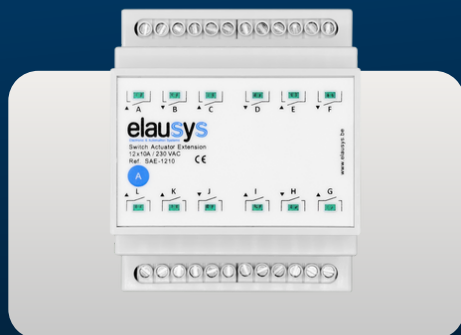

KNX MASTER ACTUATOR 8X10A

Master KNX Actuator 8 channels 10A,
expandable with all extensions types

SWITCHING EXTENSION 24X10A

Switching extension 24 channels 10A
230VAC

SWITCHING EXTENSION 8X10A

Switching extension 8 channels 10A
230VAC

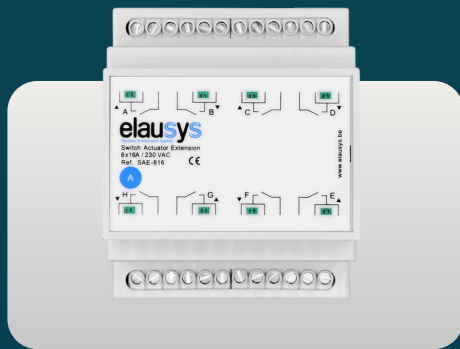

DIMMING EXTENSION 2X250W

Dimming extension 2 channels
250W 230VAC

Universal KNX Actuator System

Modular Control, Unlimited Possibilities

SWITCHING EXTENSION 8X16A

Switching extension 8 channels 16A
230VAC

HEATING EXTENSION 8-FOLDS

A 8-channels heating valves extension
24/230VAC

LED ACTUATOR EXTENSION

LED driver extension 8 channels 2A
12-24VDC

ANALOG OUTPUTS EXTENSION

Analog outputs extension 4 channels
0-10V

DIGITAL OUTPUTS EXTENSION

Digital outputs extension 8 channels
0,25A / 12-30VDC

DALI EXTENSION 64

A DALI bus extension for dimming
64 devices or 16 groups

KNX Gateways for Alarm Systems

Secure, Integrate, Automate

Seamless integration of alarm systems for real-time monitoring, control, and automation.

- **Bidirectional**
Real-time monitoring of up to 96 zones & 4 areas.
- **Quick & Simple**
Plug-and-play setup with ready to use ETS application.
- **Partitions Control**
Control of up to 4 areas of the alarm system from KNX.

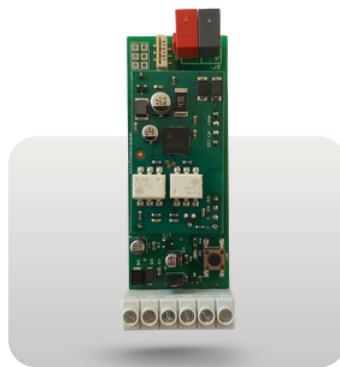

Find the Right KNX Gateway for Seamless Alarm Integration

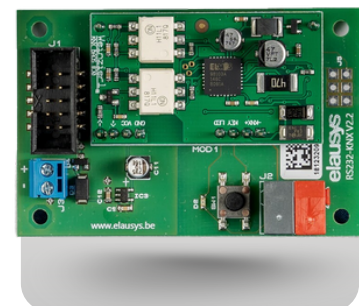

KNX GATEWAY FOR INTERLOGIX

A bidirectional KNX interface for the Interlogix UltraSync alarms systems (NetworXConnect, xGen, ZeroWire) from UTC Fire & Security.

JABLOTRON KNX INTERFACE

Connects Jablotron 100 alarm system, enabling KNX scenarios, motion-triggered lighting, and system control via KNX.

PARADOX KNX INTERFACE

Connects Paradox alarm systems to KNX for automated scenarios, lighting, and system monitoring.

KNX Gateways for Solar Inverters

Automate Energy Savings

Easy monitoring and control of solar data for optimized energy efficiency.

- **Real-time Data Transfer**
Seamlessly monitor energy performance.
- **Automated Integration**
Automatically trigger energy-saving actions.
- **Enhanced Energy Efficiency**
Optimize energy usage to minimize waste.

KNX GATEWAY FOR SOLAREGE INVERTERS

Efficiently integrates SolarEdge inverters into KNX for real-time data transfer, energy optimization, and automation capabilities.

KNX GATEWAY FOR SMA INVERTERS

Seamlessly connects SMA SUNNY BOY/TRIPOWER inverters with KNX, providing compatibility, automated control integration, & real-time monitoring.

KNX Gateways for Solar Inverters

KNX GATEWAY FOR GOODWE INVERTERS

Efficiently integrates GoodWe inverters into KNX for real-time data transfer, energy optimization, and automation capabilities.

KNX GATEWAY FOR KOSTAL INVERTERS

Efficiently integrates Kostal inverters into KNX for real-time data transfer, energy optimization, and automation capabilities.

KNX GATEWAY FOR FRONIUS INVERTERS

Efficiently integrates Fronius inverters into KNX for real-time data transfer, energy optimization, and automation capabilities.

KNX GATEWAY FOR HUAWEI INVERTERS

Efficiently integrates SolarEdge inverters into KNX for real-time data transfer, energy optimization, and automation capabilities.
